VG WIRED NUTS

Wired stopper nuts are another favorite Viamont's classic. The set consists of 7 pieces of stopper nuts, meeting most common placements sizes. It is ideal in cracks, mainly in vertical ones. Swaged wire is very stiff, enabling easy placement and retrieval. Swaged wire loops are color coded for easy identification and sizing. **Made of extra durable aluminum alloy AISi10Mg.**

VG WIRED NUTS ARE CE CERTIFIED AND CLIMBERS TESTED.

VG SPECIFICATIONS

Size	Color	Length mm	Depth mm	Width mm	Height mm	Wire mm	Strength kN	Weight g
1	brown	220	3.5-5	9-11	11	2.50	8/4	18

7	black	220	14-18	19-24	25	3.15	10	43
Set								183 g

*In the strength column, you may find two values. First value is the strength of the unit when it is placed with larger surfaces facing the rock, second value is the strength of the unit when placed with smaller surfaces facing the rock. If there is only one value, the strength is the same in both cases.
